

Burns Ind. Code Ann. § 27-2-27-5

Current through P.L. 4-2024 of the Second Regular Session of the 123rd General Assembly.

Burns' Indiana Statutes Annotated > Title 27 Insurance (Arts. 1 — 19) > Article 2 Powers and Duties of Insurers (Chs. 1 — 29) > Chapter 27 Insurance Data Security (§§ 27-2-27-1 — 27-2-27-32)

27-2-27-5. “Cybersecurity event” defined.

As used in this chapter, “cybersecurity event” means an event resulting in unauthorized access to or a disruption or misuse of an information system or nonpublic information stored on the information system that has a reasonable likelihood of materially harming a consumer or any material part of the normal operations of the licensee. However, the term does not include the following:

- (1) The unauthorized acquisition of encrypted nonpublic information if the encryption, process, or key is not also acquired, released, or used without authorization.
- (2) An event in which a licensee has determined that the nonpublic information accessed by an unauthorized person has not been used or released and has been returned or destroyed.

History

P.L.130-2020, § 10, effective July 1, 2020.
