

Tenn. Code Ann. § 56-2-1005

Current through Chapter 900, with the exception of Chapter 688 secs 79, 80, and 83, of the 2024 Regular Session. The commission may make editorial changes to this version and may relocate or redesignate text.

Those changes will appear on Lexis Advance after the publication of the certified volumes and supplements. Pursuant to TCA sections 1-1-110, 1-1-111, and 1-2-114, the Tennessee Code Commission certifies the final, official version of the Tennessee Code. Until the annual issuance of the certified volumes and supplements, references to the updates made by the most recent legislative session should be to the Public Chapter and not TCA.

56-2-1005. Investigation of a cybersecurity event.

- (a) If a licensee learns that a cybersecurity event has or may have occurred, then the licensee or an outside vendor or service provider designated to act on behalf of the licensee shall conduct a prompt investigation.
- (b) During the investigation, the licensee or outside vendor or service provider shall, at a minimum:
 - (1) Determine whether a cybersecurity event has occurred;
 - (2) Assess the nature and scope of the cybersecurity event;
 - (3) Identify nonpublic information that may have been involved in the cybersecurity event; and
 - (4) Take or oversee reasonable measures to restore the security of the information systems compromised in the cybersecurity event in order to prevent further unauthorized acquisition, release, or use of nonpublic information in the licensee's possession, custody, or control.
- (c) If the licensee learns that a cybersecurity event has or may have occurred in a system maintained by a third-party service provider, then the licensee shall complete, or confirm and document that the third-party service provider has completed, the actions required by subsection (b).
- (d) The licensee shall maintain records concerning all cybersecurity events for a period of at least five (5) years from the date of discovery of the cybersecurity event and shall provide those records to the commissioner upon request.
- (e) If the licensee conducts an investigation or review of a potential or suspected cybersecurity event and determines that an event is not a cybersecurity event, then the licensee must reduce that determination to writing and maintain that writing for a period of at least five (5) years from the

date of discovery of the event. The licensee shall provide the writing to the commissioner upon request.
