Statutes current through laws enacted during the 2024 Regular Session of the Kansas Legislature effective on February 15, 2024.

*LexisNexis® Kansas Annotated Statutes > Chapter 75. State Departments; Public Officers and Employees (Arts. 1 — 75) > Article 72. Information Technology (§§ 75-7201 — 75-7243)*

### **75-7243. Cybersecurity service costs; special assessments and fees; rules and regulations.**

---

Executive branch agencies may pay for cybersecurity services from existing budgets, from grants or other revenues, or through a special assessment to offset costs. Any executive branch agency's increase in fees or charges related to this act, including cybersecurity fees charged by the KISO, shall be fixed by rules and regulations adopted by the agency and shall be used only for cybersecurity and no other purpose. Service or transactions with an applied cybersecurity cost recovery fee may indicate the portion of the fee dedicated to cybersecurity on all receipts and transaction records.
